BRADY RELEASED ON \$750 BOND

Yesterday afternoon Justice Brown fixed the bond of Charley Brady at \$500 for his appearance this morning for preliminary hearing. Joe Kemp signed it and he was released. This morning the case was taken up by Justice Brown and a number of witnesses were put on by the state whose testimony was most damaging. The defense put on no witnesses. The defense for his appearance at district court was fixed at \$750 and was signed by J. W. Hattox and Dr. T. A. Hill of Fitzhugh and Joe Kemp.

CHARGES THE BOARD OF AFFAIRS WITH GRAFT

Oklahoma City, Aug. 5.—Proof sheets of an article to appear in the Ashland News of August 4 have been received in this city by several people, which reflects severely on the state board of affairs and intimates in no uncertain manner that members of the board have "been seen" in the matter of contracts awarded to certain people. The article speaks of the Oklahoma Brokerage company, and declares that it has been compelled to pay tribute in commissions for business received from the state board. The writer of the article splits the board into factions and declares they are in open eruption. On the one side are Lon Frame and Eugene Morris as against E. B. Howard. The latter is not held responsible for the alleged short-comings of the board, but is put in the light of being defenseless as to the acts of the others.

The article states that Governor Cruce knows of at least some of the things that are going on. The writer also defies the governor to have the matter investigated and "found untrue." A legislative investigating committee is also intimated.

All the members of the board of affairs did not express themselves on the matter today. E. B. Howard, when asked if there was anything to say regarding the charges, said that speaking for himself as a member of the board he invited the closest investigation and scrutiny of the affairs of the board.

Stock Company to Raise Peaches.

stock company for the purpose of putting out a large peach orchard. The past few years have thoroughly demonstrated the fact that the hills around Francis are ideal peach land. People who are familiar with the famous peach section of northwestern Arkansas and have compared it with the land in this locality are impressed with the similarity of soil and topography. But what is far more important is the fact that peaches actually grow and grow to enormous size and have a delicious flavor. Residents are learning that if a peach tree is set out on one of these hills and given anything like a fair chance it will repay the owner a hundred fold.

A large orchard in charge of a practical peach grower would put the matter of raising peaches here to a final test, and we are confident the profits derived would be an eye-opener to the owners of hill land.—Wigwam.

A VIEW OF THE HASKELL-OWEN FIGHT

(By J. W. Flenner.)

Washington, D. C., Aug. 5.—The Owen-Haskell senatorial race is now the all-consuming topic of conversation among members of the Oklahoma congressional delegation and new state visitors in Washington the consensus of opinion being that in case former governor Haskell enters the contest will not be one boys and cripples should indulge in.

The chances are that with Senator Owen and Governor Haskell both seeking the senatorial toga, one of the most spectacular campaigns of latter days will be witnessed in Oklahoma next summer. Senator Owen, already anticipating that he will have his hands full if he takes on Mr. Haskell, is already busy.

Governor Cruce, whom it is said, nurses an ambition to some time come to the United States senate, and who owes his election to Gov. Haskell, is said to be lukewarm over the Haskell candidacy, which, by the way has not as yet been announced, and at the same time Mr. Cruce is not overly enamored with the Indian senator.

Of course "Alfalfa Bill" Murray, whose affection for Gov. Haskell has not been particularly noticeable since the gubernatorial primaries last summer, will do all in his power to defeat Haskell, while at the same time he is not extremely enthusiastic over Senator Owen. But Murray's "singer" will be removed if he becomes a candidate at large for congress next year in case the legislature does not in special session re-district the state. Murray would have his hands full with his own race and would not dare endanger his chances for success by incurring the enmity of the Haskell followers.

Senator Owen has proven in the past that he is fairly able to take care of himself, although he does not possess the personal magnetism of Mr. Haskell. Senator Owen will have to depend more largely upon his brains than upon his personality.

Senator Owen is a gifted orator and possesses an acute business acumen, whereby he has been able to amass a considerable fortune. He is a man that does not confide his plans to others and a man to whom the smaller and more frivolous things of life do not appeal. He gives long and careful study to every proposition before he puts his plan into action but when he starts he is a hard man to stop.

Governor Haskell on the other hand is at home in any crowd. He loves to fight better than a good meal. He is a mixer from Mixersville. He is quick to act and is usually correct in his judgment of men and things. He does not always take the popular side in public questions but he acts as he believes and nothing can switch him off. Mr. Haskell is not a polished orator but he can drive his arguments home to any crowd that he might address, and his statements leave no room for doubt.

It is only a year now until the senatorial primaries are held and from present indications and the amount of interest being displayed by Oklahoma politicians who drift into Washington is a pretty certain barometer that there will be something doing next summer when Senator Owen and Governor Haskell start out in their senatorial hurdle race. It is bound to attract the attention of the entire country and be a race that will go down in the political annals of the little old United States.

Another Tax Ruling.

Oklahoma City, Ok., Aug. 4.—Neither the county clerk nor County Excise board has authority to disregard property found on the tax rolls which was wrongfully placed there, was the holding of Attorney General West, but he suggests the proper way is for county commissioners to reassess any taxing district where the assessment was defective. That provision of the county assessors' law permitting the filing of applications with the county commissioners for correction of erroneous assessments is not effective the attorney general states, until after the county assessors assume their duties, Jan. 1, 1912. Officials in practically every county appeared in doubt as to the procedure available in the correcting assessments or apportioning the increases made by the state board of equalization.

COUNCIL CALLS SPECIAL ELECTION

The council held an adjourned session yesterday afternoon at which the engineers' estimates on the pipe line construction were allowed.

An ordinance was passed calling a special election for August 21 to determine the question of selling the lots next to the city hall. It was also agreed that the Carnegie library election shall be called at the same time, an ordinance to that effect to be passed at Monday evening's meeting.

May Pass Bills Over Taft's Veto.

Washington, D. C., Aug. 5.—Fears that the democrats and insurgent republicans might unite to pass the wool bill and the free list bill even over the president's veto caused John Dwight, the republican whip today to send telegrams to the absent republican members urging all to hurry to Washington. When the wool bill conference met today Senator La Follette and Representative Underwood were appointed a subcommittee on the differences between the two houses. A motion for their appointment by Senator Bailey was on the ground that they represent the extreme element of the senate and the house.

Swanson County Muddle Settled.

Lawton, Okla., Aug. 5.—Private dispatches received here Thursday from County Attorney John A. Fain who is in New York City announce that Associate Justice Charles E. Hughes Thursday denied writ of error in the dissolution of Swanson county on appeal from the state supreme court, holding that no federal question is involved in the case. When the state court denied motion for new hearing July 28 a fifteen-day stay of mandate was granted to perfect appeal. The fifteen days expire on August 6, the tenth anniversary of the opening of the Kiowa-Comanche country so that the final dissolution of the new county must come on that date and the territory taken from Kiowa and Comanche counties be returned.

Sulphur Wants State Highway.

Sulphur, Ok., Aug. 4.—At a large mass meeting, attended by citizens and farmers of Sulphur and vicinity in the assembly room of the Chamber of Commerce, plans were formulated to bring the proposed state highway, running north and south through Oklahoma, to Sulphur by making the following changes from Davis east on a base line through a gap in the Arbuckle Mountains to Ardmore, Ok., thus decreasing the cost of road. Sulphur is visited annually by a number of automobile owners in their cars and automobile parties attend the evening dances from adjoining towns each weekday. The people of Denison, Tex., are already asking for a highway from that city through Oklahoma, connecting with the state highway at Sulphur. Col. Suggs of Ardmore will be invited to meet the citizens of Sulphur at the earliest opportunity.

Senator Percy Will Resign.

Greenville, Miss., Aug. 5.—Following his overwhelming defeat for re-election by ex-Governor Vardaman, United States senator LeRoy Percy Friday announced his intention of resigning when the legislature meets in January.

Vardaman will not take his seat until March 4, 1913 and consequently

SMITH'S

it will devolve upon the legislature to name another senator for that period. There seems little doubt that Vardaman will be the man.

Senator Percy bitterly declared that he would submit willingly to the people's will but that he regarded it as misguided for perfering "Vardamanism" to substantial statesmanship.

TAFT WILL NOT STAND FOR ARIZONA RECALL

Washington, Aug. 4.—The statehood situation cleared somewhat today under a visit to the White House of a delegation of citizens from New Mexico. These visitors, it is said, learned first hand from the president that Arizona can not come into the Union under this administration with the recall applicable to the judiciary.

Another Voting Chance.

The New Mexicans did not care so much about Arizona, but they are anxious for a modification of the New Mexico constitution so as to make that instrument easier to amend. So the president was promptly asked if he would object to that portion of the Flood resolution giving the people of New Mexico another chance to vote on the method of amending their constitution. The President's reply, it is said, was that he did not object to a change in New Mexico's constitution but that the only thing he would insist upon is that the Arizona recall be not made applicable to the judiciary.

The New Mexico workers thereupon got in touch with the republican insurgents and the prospects now are that the Flood resolution will be amended so as to eliminate the judiciary recall from the Arizona constitution, but leave intact the house provisions seeking to liberalize the New Mexico constitution.

May Authorize Indian Payment.

Washington, Aug. 4.—The house committee on Indian Affairs today authorized Representative Charles Carter to report his bill prorating the funds of four of the Five Civilized Tribes at the rate of \$50 per head among the 90,000 Indians. The prorating does not apply to the Creeks, as their money is still tied up in the equalization fund tangles. A similar bill was yesterday reported by the senate committee on Indian affairs. The house will permit this legislation on the ground that the drought conditions in parts of Oklahoma create an emergency.

YOU CAN HAVE HEALTHY HAIR

Use Wyeth's Sage and Sulphur.
A Harmless Remedy That
Makes the Hair Grow.

What a pity it is to observe so many people with thin and faded hair and then realize that the most of these people might have a fine, healthy head of hair if they would but use the simple "sage tea" of our grandmothers, combined with other ingredients for restoring and preserving the hair. No one, young or old, need have gray hair, weak, thin or falling hair, dandruff or any trouble of the sort if they would but use Wyeth's Sage and Sulphur Hair Remedy. On the contrary, it is possible to have healthy, vigorous hair, of perfect color, by a few applications of this remarkable preparation.

Wyeth's Sage and Sulphur Hair Remedy quickly removes dandruff, leaves the scalp clean and healthy, promotes the growth of the hair and restores the natural color of the hair which has become faded or gray. It is a clean, wholesome dressing, which may be used at any time and with perfect safety. Don't neglect your hair. Start today with Wyeth's Sage and Sulphur.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Gwin & Mays Drug Co.

The News sees no special reason
why Gov. Cruce should call a special
session of the legislature to redi-
strict the state. It would cost the state
not less than \$100,000 and in view of
the past record of the legislators for
wind jamming, it would in all proba-
bility cost more than that estimate,
for with so many ideas about how the
districts should be carved, the ses-
sion would probably last two months,

The serial story, "The Girl of My
Dreams," which has been running in
the News was concluded in yester-
day's issue. The paper always tries
to please its readers, and hopes it
has done so in this case. If the read-
ers enjoyed this story and would like
another in the near future, we should
like to hear from them at once.

Texas papers are beginning to note
the arrival of the first bales all over
the state. In about a week Oklahoma
papers will be doing likewise.

Gov. Cruce has promised a rigid in-
vestigation of the charges made by
Dr. Evans and other defeated teach-
ers against the state board of educa-
tion. When the whole thing is thor-
oughly sifted it is highly probable that
it will be found to be nothing but
the ordinary kicking of disappointed
candidates who have not learned to
lose out gracefully.

A GOOD JOKE ON COM- MISSIONER LANKFORD

The July number of the "Bank De-
posit Guarantee Journal" publishes
this good story on our friend J. D.
Lankford. Comments are unneces-
sary:

"Bank Commissioner Lankford had
not only his wife guessing for a short
time a few days ago but his entire
office force as well. The Bank Com-
missioner is one of those dignified
gentlemen that would never be accus-
ed of flirting. His devoted wife dur-
ing the twenty-five years she has called
Mr. Lankford her husband, has never
had the least cause to doubt the
stability of her husband's affections
until a few days ago, and then only
for a minute.

"It all happened in this wise: Over
at Bessie there lives a banker named
Darling. Mr. Lankford put in a call
for Darling at Bessie early in the
morning. Darling was out of the bank
in the morning and could not be reached
until the afternoon. Now Mrs. Lan-
kford frequently drops down to the
Bank Commissioner's office in the
afternoons for a few minutes chat
with her husband. On this occasion
Mrs. Lankford was present. The office
girl answered the phone and learned
that Bessie wanted the Bank Commis-
sioner. She touched the buzzer but
Mr. Lankford was so busy talking to
his wife that he did not hear the call.
Then the stenographer arose and went
to the door of Mr. Lankford's private
office and said: "Mr. Lankford Bessie
wants you." Of course Mrs. Lankford
wondered who Bessie could be and
why "she" wanted the Bank Commis-
sioner. Mr. Lankford wheeled around
to the phone and without further pre-
liminaries said: "Is that you Dar-
ling?" Mrs. Lankford did not faint or
scream but the look of surprise
broadened upon her face. Mr. Stuart,
the popular assistant bank commis-
sioner, gazed over at his chief with
wonder marked in every lineament of
his face. Such an outrageous flirtation
over the phone in broad daylight and
in the presence of his wife from a
man of the staid habits of the Bank
Commissioner nearly paralyzed Stuart.
What passed through Mrs. Lankford's
mind in a few moments is not known
to the editor of the Bank Deposit
Guarantee Journal. But no doubt she
wished she had her husband back to
the quiet little town of Atoka where
he had never had a "Darling Bessie"
on the string.

But the matter was soon cleared up
and doubts and suspicions dissipated
like the dews before an August sun.
A few words of conversation by the
Bank Commissioner determined the
fact that he was talking to a gentle-
man named Darling who is the cash-
ier of the Bank at Bessie. Even the
young assistant Bank Commissioner
drew a sigh of relief as he heard the
Bank Commissioner say: "How is ev-
erything over at Bessie Mr. Darling?"

Notice to the Citizens of Ada.

On the 25th day of January, 1910,
the Council of the City of Ada, among
other things, passed an ordinance re-
quiring that every building within
the sewer district where main or later-
al sewers are provided for within
300 feet shall be connected therewith
within ninety days after the comple-
tion and acceptance of such main or
lateral in the street or alley abutting
upon any lot occupied by a building.

Now, on account of the fact that the
water supply of the City of Ada has
been very limited for quite a lengthy
period of time, no effort has been
made to enforce said ordinance, but as
we now have an abundance of water,
all parties living in said City of Ada,
are hereby notified that they must at
the earliest practical time connect
with such sewers as required by said
ordinance.

The health of the city demands that
you give this matter your prompt at-
tention, and let there be no delay in
attending to same.

Respectfully submitted,
S. E. CHAPMAN,
104-5td Mayor of the City of Ada

Heed Call to Come Home.

Seattle, Wash., Aug. 5.—As a result
of the "Back Home" movement it is
estimated that 50,000 people will leave
Washington and Oregon this fall for
the south and east. Reports coming to
this city from California, Idaho and
Montana say that the movement is
spreading rapidly in these states. The
newspapers, for obvious reasons, "kill"
all stories about it but are raising a
mighty shout for more advertising by
the railroads and commercial clubs.

The "Back Home" circulars and lit-
erature received here in the west are
passed from on to another until they
are worn out. Some times one circular
will be mailed and remailed a hun-
dred times and in this way interest
continues to grow. Here in the city,
"Back Home" has been a by-word.
Men here say that it is worth a hun-
dred million dollars to the south if
the movement is pressed for all it is
worth. It is generally admitted, even
by the "land sharks" and boomers of
the west, as being a great "hit," but
they say the people of the south are
too slow to take full advantage of it.

ma eight congressmen, and makes the
additional ones elected at large until
the state is redistributed by the
legislature.

HANDICAPPED

This Is the Case With Many Ad-
People.

Too many Ada citizens are handi-
capped with a bad back. The unceas-
ing pain causes constant misery, mak-
ing work a burden and stooping or
lifting an impossibility. The back
aches at night, preventing refreshing
rest and in the morning is stiff and
lame. Plasters and liniments may give
relief but cannot reach the cause. To
eliminate the pains and aches you
must cure the kidneys.

Doan's Kidney Pills help sick kid-
neys. Can you doubt Ada evidence?

E. L. Canterbury, Sixteenth St.,
Ada, Okla., says: "I can recommend
Doan's Kidney Pills highly, as they
cured me of a distressing case of
kidney complaint. My back was so
weak at times that I was unable to
walk, in fact, found it difficult to
work. Dull, nagging pains through
my loins also caused me great mis-
ery, and I had sharp twinges when
I attempted to stoop or lift. The kid-
ney secretions were too frequent in
passage and caused me additional an-
noyance. Doan's Kidney Pills, procur-
ed at G. M. Ramsey's Drug Store, rid
me of kidney trouble and I have had
no return attacks."

The Cause of Constipation.

Constipation is, in some cases, the
direct result from a torpid or slow
acting liver, brought about by the
withholding of the flow of bile. This
condition is commonly allied with
more or less indigestion and dyspep-
sia, partly due to the constipation
itself.

Many persons have found it com-
paratively easy to overcome such con-
ditions with a treatment of Rexall
Liver Salts.

In our judgment, we feel that this
preparation is remarkably well fitted
to overcome these conditions, and
recommend them to you with the un-
derstanding that any money you may
have spent with us for the prepara-
tion will be refunded in case there
are no beneficial results.

Classified Advertising

Divides this Paper's Readers Into Dif- ferent Groups

One group will read all of the Situations Wanted
Ads—because every person in that group is look-
ing for a worker.

A second group of readers will read all of the Fur-
nished Rooms To Let Ads—because every person
in the group is looking for a furnished room.

A third group will read all of the Real Estate Ads
—because every person in the group is a prospec-
tive buyer of real estate.

A fourth group will read all of the Business Op-
portunity Ads—because this group consists of peo-
ple who MAKE THEIR MONEY WORK FOR
THEM—and are ALWAYS looking for GOOD
JOBS FOR DOLLARS.

Thus every classification draws to itself a group
of readers influenced by self-interests—to every-
one of whom that classification of ads. means
PERSONAL OPPORTUNITIES.

Your classified ad. therefore, has an audience
awaiting it—an audience of alert people, anxious
to consider your offer or your want, and to do
business with you if your proposition is plausible.

Some Climate.

"Oh, yes, we have a wonderful cli-
mate," said the man from southern
Texas. "Why, only last season we
raised a pumpkin so large that, after
sawing it in two, my wife used the
halves as cradles in which to rock
the babies." "Yes," replied the man
from New York; "but in my state it's
a common thing to find three full-
grown policemen asleep on one beat."

A Double Triumph.

If we can, by a moral effort, pull
ourselves up to the mesa, the high-
lands, where move such figures as An-
tonius and Lincoln and Jesus; if we
can rise thus to the point where we
can feed our enemy if he hunger and
give him drink if he thirst, we have
the double satisfaction of triumphing
over him, which is pleasant, and over
ourselves, which is an infinitely great-
er pleasure.—Crane.

Unusual Circumstance.

A very unusual circumstance is re-
corded in the case of two Rockland
ladies, one of whom lately died in her
seventieth year. The surviving lady,
who is 81, made the baby clothes for
the other and in due time also her
wedding clothes, and at the last made
the funeral shroud and with her own
hands dressed the younger woman in
it.—Kennebec Journal.

A Catastrophe.

A cat was being chased along the
roof of a New York building. It lost
its balance and fell on a boy who was
standing on a balcony on the second
floor. The startled boy fell in his
turn, landing on a baby carriage, for-
tunately empty, which another boy
was wheeling in the street. The first
boy dislocated his wrist; the cat was
killed.

Wealth Not Always Advantage.

Advantage, opportunity, chance,
luck! They are all on the side of the
boy born in obscurity, brought up in
poverty. Provided he be endowed with
the will that brooks no obstacle, with
the mental ability to conceive great
thoughts, to plan great undertakings,
the boy is all the more blessed who is
not handicapped by wealth.

To the Public.

We have lately overhauled our mill and installed some new machinery including the latest up to date methods in modern milling which enables us to make the clearest flour that is possible to be made from wheat.

In order to introduce our new flour and convince you that there is no better made we will sell until further notice at \$1.00 and \$1.10 a sack.

Patronize Home Industries.
All things being equal people should patronize home industries thereby helping to build up your city and county.

But we don't want to take advantage of that fact in order to sell you inferior flour. Ada flour stands on its own merits and is second to none in the state. Remember that our mill pays taxes in your city and county.

So try our flour and if you like it continue to buy it thus helping to build up a home institution.

J. O. McMinn was in from Homer today for the first time in quite awhile. He says that a young son, who arrived last Tuesday has kept him entertained at home.

Mrs. J. M. Keltner and her boys, John and Jim, arrived from Sulphur Springs, Texas, yesterday evening where they have been visiting relatives the past four weeks.

The First National bank is having the brick walk around the building torn up and one of concrete put down instead. Sidewalk improvement on Main street has been very marked during the past few months.

G. E. Gatlin, a former resident of Ada, came over from Sulphur yesterday to see about moving back. He stated that he wants to be in reach of the normal. This is the first time in nearly four years that Mr. Gatlin has seen Ada, and he was very much surprised to find so many improvements and houses built since he was here.

Last night in a raid in the flats the chief and one of the night men arrested Walter Daggs and Geo. Murrell on a charge of gambling and Lon Adams for drunkenness. They entered pleas of guilty this morning and the first two were given \$12.75 each and the other \$8.75.

M. B. Donaghey recently announced his intention of moving to Allen, and at one time had the date set, but somehow he did not find it so easy to tear himself away from Ada after all. He says that he has about decided to remain right here.

Tonight the Majestic theatre will present moving picture views of the Little Rock reunion, including the big parade of veterans. The show will be of intense interest to all Southerners, for it is something of real historic value.

I. Harris returned yesterday from Claremore, where he has been taking the shower of yesterday amounted to three-quarters of an inch. While not needed it did no damage, unless it might be to give some encouragement to the boll worms.

Sherwood Hill plans to be the straw berry king of Pontotoc county next year. He has two acres of fine plants and it will take something out of the ordinary run of bad luck to prevent the realization of his hopes.

The rain gauge shows that the shower of yesterday amounted to three-quarters of an inch. While not needed it did no damage, unless it might be to give some encouragement to the boll worms.

Southern Historical Views Co's Official Motion Pictures of the LAST GREAT REUNION

At Little Rock, Arkansas, May 16, 17 and 18, 1911

To the spectator these Moving Pictures present the 21st Annual Reunion and Parade of the glorious heroes, the atmosphere and environment of all with a vividness that is real. Famous and well-known persons in all the functions that were held by the different and combined organizations walk, ride and talk as they were seen by those who were so fortunate as to witness the events, as they occurred. The glorious women of the South who are associated in auxiliary ways with the veterans, and who cherish the memories of the Lost Cause, with the same deep and tender fidelity that their mothers and grandmothers bore for it in the days that tried their souls and found them not wanting, are here in all their gentle and helpful sweetness. Among the wonderful entertainment is that when the band plays "Dixie" and when reviewers and reviewed toss hats and handkerchiefs in air, and it is all so life-like and enthralling that the spectators of the entertainment are wrought to pitch of joining the moving pictures, in the thrilling manifestations.

The City of Little Rock, en fete, the assembling of the organization, the parade, the camps, ancient servants, allegorical and yet living and moving illustrations of patriotic peace of 50 years afterward, in all their brilliant picturesque and grateful detail are presented, and the entire affair is one to delight in, to think over and to dream of, it is all a sermon and song; a prayer, a thanksgiving and a benediction, and it appeals to every heart, exalted and humble and from every section beneath the sun. Also in thrilling array, the parade, participated in by the remnant of Forest's famous Cavalry, the chief dignitaries of the South and the dwindling body of Confederate Veterans. The Confederate Grays, the oldest drilling body in existence, executing their drills; the great crowds of Southern patriots assemble for the occasion; the scenes of camp shaver; high heeled modern maidens assisting tottering veterans on their last march; the sumptuously decorated streets of Little Rock; the elite of Southern society; the school children waving flags and singing; the two old negroes, the cook of "Stonewall" Jackson and body-servant of Jefferson Davis; the ceremonies attending the unveiling of the monument to the Little Rock Capitol Guards and a vast multitude of other views, each one of peculiar interest to a resident of the South.

Altogether, the entertainment will prove the medium for the happy amalgamation for a night of the first and foremost citizenship of Ada, representing best, patriotic, social, intellectual and musical element. Watterson Rothacker, friend and namesake of Col. Henry Watterson of Louisville, Ky., originated and caused to be completed the work of making these beautiful pictures, for the Southern Historical Views Co., composed of the leading citizens of the South.

Also, on the same program will be presented Pathe's Drama
